OUR SUPPORT LEVELS

To help you make informed choices at the ballot box, we've developed a clear framework for our levels of candidate support. Here's how we assess candidates and determine our recommendations:

ENDORSED

These candidates strongly align with our values, having demonstrated a commitment to justice and positive change. This may include support for a ceasefire in Palestine or an arms embargo to Israel. They also oppose Islamophobia and have a strong record promoting civil rights and human dignity.

PREFERRED

These candidates are generally favorable but may not fully align with our positions on critical issues, however, they represent a better alternative to candidates who actively harm these causes.

CONSIDER

These candidate have potential, or some promising qualities & positions but may also have areas of concern. Voters are encouraged to further investigate the candidate's platform and suitability for the position before making a decision

NO ENDORSEMENT

This rating is given when there is insufficient information about a candidate's position or when their positions do not align enough to warrant our support.
